

NATHAN DOUANGKESONE

1363 West Shady Grove Road ♦ Irmo, SC 29063 ♦ (803) 361-4216 ♦ Nathan.Dou@hotmail.com

OBJECTIVE

Computer Science student with experience in full-stack development and database-driven applications. I am skilled in SQL, Java, and backend system design, with hands-on experience building applications with user authentication, REST-style logic, and data management. Seeking a software development role focused on backend systems, APIs, and database integration.

CERTIFICATIONS

- Google IT Support Professional Certificate (February, 2022)
 - Eight-month IT support program, developed by Google, that covers troubleshooting, customer service, networking, operating systems, system administration, and security, and includes hands-on labs. (February, 2022)

EDUCATION

- **University of South Carolina** — *B.S. in Computer Science*
Expected Graduation: Summer 2026 | GPA: 3.3
- **Midlands Technical College** — *Associate Degree in Computer Technology*
Graduated: Spring 2023

TECHNICAL SKILLS

- **Languages:** Python, Java, C, C++, JavaScript, HTML, CSS, SQL
- **Systems & Tools:** Windows, Linux, Virtual Machines, VPNs, Git
- **Concepts:** Computer Architecture, Networking, Package Management, OS Troubleshooting

PROJECTS

Full-Stack MP3 Learning Platform

Built a web-based MP3 player with user accounts for students and teachers. Included features for creating/grading quizzes, editing grades, and managing audio access based on roles. Focused on full-stack logic and user experience. Used java, JavaScript, SQL.

Minesweeper Game

Developed a digital version of Minesweeper with functional tile logic, flagging, and win/loss detection — reinforcing UI programming and game-state control. Used Python.
