NATHAN DOUANGKESONE

(803) 361-4216 | Irmo, SC 29063 | Nathan.Dou@hotmail.com | natdevworks.github.io

PROFESSIONAL SUMMARY

Computer Science candidate with hands-on experience developing full-stack applications, building database integrations, and troubleshooting computer systems. Proficient in Python, Java, C, C++, JavaScript, and SQL, with practical experience using Git, Linux, Windows, virtual machines, and networking tools.

PROGRAMMING

Programming Languages: Python, Java, C, C++, JavaScript, SQL, Prolog
Web, Systems & Tools: HTML, CSS, Git, Windows, Linux, virtual machines, VPNs, MARS
Technical Knowledge: Full-stack development, REST APIs, database integration, computer architecture, networking, package management, operating system troubleshooting

TECHNICAL PROJECTS

Full-Stack MP3 Learning Platform — **Academic Project**

- Developed a web-based learning platform with separate student and teacher accounts using Java, JavaScript, and SQL.
- Built backend functionality, APIs, and database integrations to support account management and role-based features.
- Implemented database-driven playback capabilities tailored to user roles.

Unreal Engine 5 Survival Horror Game — **Team Project**

- Developed a first-person survival horror game in Unreal Engine 5 using C++.
- Collaborated with a development team using Git for source control and shared project workflows.
- Implemented gameplay features and organized project assets to support team development.

EDUCATION

University of South Carolina — **2026**
Bachelor of Science in Computer Science | GPA: 3.1

Midlands Technical College — **2023**
Associate Degree in Computer Technology | GPA: 3.0

CERTIFICATION

Google IT Support Professional Certificate — **February 2022**

- Completed an eight-month program covering troubleshooting, customer service, networking, operating systems, system administration, and security.
- Applied IT support workflows and problem-solving techniques through hands-on labs.

WORK EXPERIENCE

Walmart | Asset Protection, Part-Time — **2019–Present**

- Provide responsive customer service, promote workplace safety, and address customer concerns in a fast-paced retail environment.
